**ORDER:**

In the reference 1<sup>st</sup> read above, the Director of Insurance Medical Services, Hyderabad has stated that hospitals have several toxic pathogenic bacteria, toxic chemical wastes which when released into Municipal water increase the probability of growth of highly anti-biotic bacteria, at present there are methods of collection of solid waste with bio medical waste bags and no methods for treatment for liquid waste. There is lack of safe biomedical waste disposable particles and hospital waste water which is proving to be hazardous. In order to segregate between solid, liquid and chemical biomedical wastes, hospital waste water, needles and other hazardous wastes which are simply getting diverted into public drain which is dangerous a Sewage Treatment Plant is essential for segregation and bio-degradation. PCB and WHO recommendation on par with Solid Bio-medical Water.

2. He has also stated that there will be no burden on State exchequer and this project is in the process of implementation in Medical and Health Department, e.g. Gandhi hospital and Osmania Medical College and approved by the Pollution Control Board. The Director, Insurance Medical Services therefore requested to issue permission to setup Sewage Treatment Plant at ESI Hospitals in the state.

3. Government after examination of the matter hereby accord permission to the Director of Insurance Medical Services, Hyderabad to set up Sewage Treatment Plants at ESI Hospitals in the State subject to not seeking any funds from the State Government.

4. The Director of Insurance Medical Services, AP, Hyderabad shall take necessary action in the matter.

5. This order issues with the concurrence of Finance (Expr.LET&F) Department vide their U.O.No.18471/102/Expr.LET&F/13,Dt.16-7-2013.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)

J.C. SHARMA  
PRINCIPAL SECRETARY TO GOVERNMENT

To  
The Director of Insurance Medical Services, AP, Hyderabad.
